About HomeRise

HomeRise (formerly Community Housing Partnership) is a leading 31-year-old nonprofit in San Francisco helping people experiencing homelessness rise up and transform their lives. Our mission is built on a simple-but-powerful idea: we combine housing with support services, like mental health services and job training, and empower our residents to advocate for local policies that create long-term change. We believe a home has the power to stabilize a person’s life, helping people to improve their health, cook for their family, find a job, begin paying rent, feel a sense of dignity, and contribute to the community. Together with our supporters, we are changing lives and rebuilding the neighborhoods and city that we love.

Each year, HomeRise’s supportive housing transforms the lives of 2,000 adults, children, seniors, and veterans who experienced homelessness. The impact is long-lasting: 98% of our residents who previously experienced homelessness remain housed. To learn how you can rise up and make a difference, visit www.homerisesf.org
